

HEAT&GLO™
No one builds a better fire

Gas Logs
For Woodburning Fireplaces

Fireside Grand Oak

Specifically designed to fit larger fireplaces. Combines 11 molded oak logs with a state-of-the-art multi-level burner and virtually unnoticeable controls.

- Comes complete with a Matchlight, Safety Pilot or Remote Ready burner.
- Available in two sizes: 24" and 30".

Decorative Accessories

Choose from molded wood chips, pinecones and acorns. Order each separately or in one complete package. (GLHE-PACKAGE)

- Pinecones (GLHE-CONES)
- Wood Chips (GLHE-CHIPS)
- Acorns

Instantly relaxing
& effortlessly
real

Campfire Logs

Recreate the natural look of a traditional campfire. Front log conceals and insulates the controls so that the log set can burn with fireplace doors closed.

- Comes complete with a Remote Ready Burner.
- Available in three sizes: 18", 24" and 30".
- Offers a 24" see-through version to accommodate multi-sided fireplaces.

Fireside Realwood

Our most affordably priced set has eight logs.

- Works with three types of burners: Matchlight, Safety Pilot and Remote Ready.
- Available in two sizes: 18" and 24".

How would you like to enjoy a full, flickering fire in your existing woodburning fireplace, without any effort and with absolutely no mess? You can with a Heat & Glo gas log set.

Now you can have it all. The look of a traditional, open-hearth fireplace plus the clean simplicity of gas—with just the touch of a wall switch or the press of a remote control. A gas log set doesn't overheat the room or require any change in the appearance or structure of your fireplace. Instead it delivers a realistic, room-enhancing fire, at any moment, any day of the year.

Each gas log set is designed to team with a compatible hearth kit. Fireside Grand Oak and Campfire Logs are sold with the hearth kit. All other gas log sets offer the hearth kit sold separately. Hearth kits include the burner assembly, ember bed materials, clamps, connectors and necessary hardware.

On/Off Switch (WSK-CON)

Remote (RC-CON)

Gas Logs

The convenience of gas meets the experience of an open hearth

Fireside Versawood Full Bark Side

Fireside Versawood - Split Logs Side

Fireside Supreme Oak

Ingenious design provides two different looks: split log or full bark—just turn the front logs around. The split log side gives you another option and a new flame experience.

- Offers three types of burners: Matchlight, Safety Pilot and Remote Ready.
- Available in three sizes: 18", 24" and 30".

Realistically detailed logs offer the appeal of a fully charred, mature fire.

- Works with three types of burners: Matchlight, Safety Pilot and Remote Ready.
- Available in three sizes: 18", 24" and 30".
- Offers 18" and 24" see-through versions to accommodate multi-sided fireplaces.

Gas Logs & Hearth Kits

Select the gas log set that's right for you. For Heat & Glo woodburning fireplaces, see sizing information provided.

Otherwise, measure your fireplace. Next choose a hearth kit that fits. Finally, select your favorite gas log set design.
